

IN OUR LAKE!

CALEWT LEGAL DEFENSE FUND

OUR GOAL - \$100,000

WHY WE NEED YOUR PLEDGE

1. We need help to convince the government and/or the courts that allowing turbines in Pigeon Bay is a threat to:
 - migrating birds, butterflies and bats;
 - the quality and safety of our drinking water supply;
 - all aquatic marine wildlife;
 - the local economy and the impact on our tourism industry;
 - the health of local residents, i.e. impact of noise, flicker, etc.
2. We hope to fully fund our legal costs, which will begin immediately upon the submission of SPW's application. Your pledge will ensure that we have sufficient funds for our legal battle.
3. If the lawsuits are unnecessary, your pledge will be cancelled. **NO MONEY** is required **NOW**. We will call upon your pledge only when we require the services of our lawyers.
4. Our pledge form suggests possible amounts, but larger and smaller are welcomed.
5. Personal information on the pledge form is collected only for campaign related contact and remains confidential.
6. Please recruit your relatives, neighbours and friends to pledge "any amount". Your commitment would be greatly appreciated.

CALEWT THANKS ALL CAMPAIGN PARTICIPANTS
